

Monaco, 3<sup>rd</sup> September 2008

Dear Vincenzo,

with regards to the services you provided to our Clients on board of the yacht TOURBILLON, 21-28 August 2008, as incoming Tour Operator, I would like to thank you for the success the itinerary had with our Clients.

I had a perfect working experience with your professional style. Especially, I appreciated the help you gave me to prepare the itinerary, the swiftness of your replies, your general willingness and the follow up you and your collaborators gave on any issue that might have arisen. Also, I am grateful for the good communication you kept with the Clients and the crew of the yacht.

I am forwarding an extract of the feedback message I received directly from the Client, Mrs Nakhmanovich: *"I can say, I'm very content with the tour operator (**Tradizione Turismo**), as well. Especially, with the guides - really educated professionals. We've seen some very interesting places, thanks to them."*

Please, if you needed any more reference for your work, do not hesitate to give my contact details to any other broker or client.

Best regards,

Agata Grillo
