Dear Vincenzo:

Just a note to let you know how much my husband and I enjoyed our visit to beautiful Sicily. We were very happy with our tour and it meant so much to visit the land where my grandparents came from. Everything you arranged was perfect -- from the hotels where we stayed, our traveling companions, the restaurants, tours and local guides -- and how well we were taken care of by Guiseppe. He is extremely well spoken and informative and we had a lot of fun interacting with him and the members of our group. Your organization did a superb job with our arrangements from the moment we were picked up at the airport in Palermo to our departure last Sunday. Thank you again for a wonderful and memorable visit.
