PRICE

€0.00 EUR

Breakfast at hotel.

Today h 10.15AM pick-up at your accommodation and starting with a stop at the **Valley of the Temples**: two hours audio-guide independent walking tour on the **Valley of the Temples** an important **Unesco World Heritage site** covers the Temple of Hera, the Temple of Concordia, the Temple of Hercules and the Temple of Zeus. Agrigento, according to legend, was founded by Daedalus and his son Icarus after they had fled from Crete "by air". Historically, however, its origins date back to 582 B.C. when it was founded by Rhodian-Cretan colonist from the neighboring Gela who named their city Akragas after the nearby river. It rapidly increased in size, importance and military strength under Phalarides, the first tyrant, and later under Theron, who extended his way over northern Sicily as far as Himera.

This afternoon we then continue onto **Piazza Armerina** to enjoy an independent visit of the amazing **Mosaics Floor at the Roman Villa of Casale**, that belongs to the Unesco Heritage. Built on the 4th century AD, the Villa was later forgotten and only in the 20th century excavations revealed the whole building. It is the supreme example of a luxury Roman villa (about 3500 square meters of floor mosaics) and was probably the residence of a member of the upper class of the Roman Empire. The mosaics discovered here are celebrated among scholars of antiquity. The visit inside the Roman Villa will be done independently. Every room has information boards.

Day 6 (Friday & Monday)

Taormina at leisure

Breakfast at hotel.

Today is at Leisure to explore the town on your own.

Taormina has long since been Sicily's most favourite resort town, perched on a coastal bluff that looks out to the Tyrrhenian Sea between Messina and Catania in the north east of the island. Its ancient narrow streets are full of little specialist shops, cafes and restaurants, which are an invitation to step into the spell cast by this intriguing town. The town's history is vibrant and complicated and dates back to the Ancient Greek period. Taormina was settled in 395 BC by residents from the nearby city of Giardini-Naxos, Sicily's oldest Greek established city dating back to 735 BC. Giardini Naxos was where the Greeks established their colony during their domination of Sicily.
